

MANAGE YOUR DIRECTORIES & AWARDS. EASY.

LexTrack is the only law firm directories and awards management software

Dashboard

See a snapshot and status of all ongoing submissions at a glance with the LexTrack dashboard. Finally see everything all in one place!

Track Referees

Stop worrying about repeatedly submitting the same clients as referees. Track which clients were submitted and—when—across the entire firm and across all submissions.

Track Results

Track results of submissions with our *Lawyer Scorecard* and *Practice Scorecard* reports. Report on any element of submissions process with the LexTrack reports engine.

Multiuser Platform

Collaborate, coordinate, review, edit and track submissions on a multiuser, secure platform.

Manage Matters

Create, update and re-use matters easily. Never again search old submissions or documents for a well-written matter.

Be More Effective

Stop struggling to simply meet deadlines. Spend your time creating quality submissions that get better results for the firm.

Reminders

No more stickies. Remind yourself and others with *digest email reminders* and submission-specific email reminders.

Bank-Grade Security

LexTrack uses state-of-the-art security protocols for data security. We use strong SSL encryption to ensure security.

No Maintenance

No software or servers to maintain, no security to worry about, no IT costs. We take care of all upgrades and backups.

Be strategic. Use *LexTrack Reports* to analyze directory results easily to set the firm's strategy. With LexTrack you can decide which submissions are worth submitting—and have the data to prove it.
